Customer Reviews:

- I just received my first box today and it exceeded my expectations! I love it and so does my son. Ana T-G.
- My daughter LOVES getting her boxes. Carmen J.
- It was hard waiting for this box. I missed the July cutoff so it was about a month before we got our first box. Shanan was amazing and gave us access to the media library so I could get a feel for what was offered in addition to the physical contents of the box. Both my children have loved the first box and media library. We have tried over 20 boxes during shut down and watching our kids engage this one my husband said, "now this is a good one." Laurel S.
- Oh my goodness, I love this box. It's fun, it's educational, it's exciting. The themes are so well put together. Our first box had a real record and my young daughter had never actually seen a record before. Our second box had a drum and a drum theme book. I can't say enough about the quality and educational aspect of this. My daughter is getting a music education and she just thinks she's having fun! Cynthia Y.
